

### CHRISTMAS FUN

We had a fabulous time at our Christmas party and really enjoyed playing all our party games. We had a surprise visit from Santa which was very exciting!

We all performed confidently at our nativity and hope you made it along to see us. We enjoyed singing our nativity songs so much that some of us went to Abercorn care home to sing them.

The trip to the Pantomime was great fun this year too!! We all enjoyed our visit to Motherwell Civic centre to see 'Cinderella'.

### SCIENCE

We were learning about electricity in science and we worked together to build an electrical circuit! We discussed all the uses of electricity and were able to identify things in the home which use mains and battery powered electricity. We also learned that electricity can be very dangerous and looked at ways to stay safe around the home.

# January Primary 2/3

### LET'S GROW VOUCHERS UPDATE

Thank you to everyone who handed in let's grow vouchers. Amy and Euan had the job of counting the vouchers (with a little help from some P3s) and the total was over 1500!

We decided to use the vouchers to order seeds and planting equipment for the gardening club. Mrs Barnes is hoping to create a sensory garden with the new seeds.

We are looking forward to it. ☺

### TOPIC

Mrs Kelly delivered an exciting letter to our class from Katie Morag. In her letter, she told us about her life on an island and we really enjoyed learning more about where she lived. We wanted to write back to Katie Morag but we decided we needed to make sure we knew how to send a letter first. We wrote a letter to a friend in the class and took it to the post office.

### WHAT'S COMING UP?

Mrs Barnes will be helping us to relax in class by teaching us massage on a Friday afternoon. We are looking forward to learning this and might even be persuaded to practise our techniques at home!!

We are lucky to have Miss Paterson who will be joining our class from 12<sup>th</sup> January until Easter.
